This report describes results of our analysis of the sample or samples of biological materials described herein. Merial warrants that it has applied its best efforts to the determination of the presence and identification of specific alleles of bovine genes in DNA from the samples provided herein that were provided to us from you. Merial provides no other warrant including, but not limited to, that any other allele is or is not present in any sample or any animal. Results of analysis are predicated on the assumption that each sample was obtained from a single cattle beast. Results of analysis are reported herein in association with the sample designations provided by you. We assume no responsibility for correctly identifying a particular animal as the source of any sample.
